Lab 01 - Project Initiation

Document Management System (DMS)

1. Project Title

Document Management System (EDMS)

2. Project Description

A web application that helps organizations centralize document storage, streamline multi-level approval workflows, and enforce security. Users can securely upload documents with metadata, route them for automated approvals, and track all activities through a complete audit log.

3. Objectives

- Replace manual paper-based processing, email attachments, and unorganized cloud folders with a centralized system.
- Streamline multi-level approval cycles and track requests across departments efficiently.
- Enforce data security, access permissions, and maintain a real-time audit trail for all activities.
- Provide advanced full-text search and document version control to avoid overwriting critical data.

4. Scope

In scope	Secure document upload & categorization, automated multi-level approval workflows, audit trail & activity logging, advanced search & version control, user role management
Out of scope	Public document monetization, physical document scanning hardware integration, external blockchain timestamping.

5. Project Team

Name	Role	Responsibilities
Omar Ayman Shebl Motawea	Project Manager / Business Analyst	Planning, board, system request, feasibility
Michael Erian Ayad sadhom	System Designer / UI/UX Designer	DFD, UML, database, UI mockups
Gamal Hamed Gamal Aldin	Documentation & QA	Final documentation, review

6. Tools

Purpose	Tool
Source control and documents	GitHub
Task management	Trello
Cost calculations	Excel

7. Repository

Link	https://github.com/Micheal446/Document-Management-System-
Structure	Lab01_Project_Initiation.pdf Lab02_System_Request.pdf Feasibility_Study.pdf

8. Project Board

Link	https://trello.com/invite/b/6ac7af7f3e9c3f65af5c13f8/ATTI10d6e06498620144829808d1c4dbb462CCB9D800/library-management-system
Lists	Backlog, To-Do, In Progress, Review, Done
Labels	Planning, Analysis, Design, Documentation

9. Deliverables of Lab 01

- GitHub repository with the folder structure.
- Trello board with lists and first cards.
- This document.
